## Bible Verses of the Month

"This is my commandment that ye love one another, as I have loved you. Greater love hath no man than this, that a man lay down his life for his friends...These things I command you that ye love one another." -John 15: 12-13,17

"Hatred stirreth up strifes: but love covereth all sins (KJV)." -Proverbs 10:12

## President's Little Speech

### Mr. Forester's (Jan.)

We have elected Mr. Fir as our President of Pearl County. I wish him well and pray that God will help him with all of the decisions he will make in the upcoming year.

What I believe is most needed in America is revival. America needs God a lot. I believe that the only way for America to become better is if the people become Christians. De Tocqueville wrote," America is great because she is good; when America ceases to be good, then she will cease to be great." Aleksander Solzhenitsyn said," And if I were called

upon to identify briefly the principle trait of the entire twentieth century (1900s),... I would be unable to find anything more precise and pithy than to repeat once again: Men have forgotten God." Though that was said about the twentieth century, I would say that it fits the twenty-first century as well.

### Mr. Fir's (Feb.)

God bless you! Praise God for a new month to do things for more people. Enjoy your month. God bless you.

# Speeches

**Mr. Fir's Victory Speech**

**Mr. Forester's Farewell Speech**

**Mr. Fir's Inauguration Speech**

### **Mr. Fir's Victory Speech**

Thank you, citizens of this county, for electing me to be your President. I hope that I will be as good as Mr. Forester and Mr. Rose. Thank you for voting me into office. Thank you, Mr. Key, for being my competitor. Thank you, Mr. Thomas Rose, for wanting to become my Vice President. I hope that you will all enjoy your next President.

### **Mr. Forester's Farewell Speech**

I wish to thank all of you Animalzanians who supported me as President. I hope I, through God's grace, have fulfilled everything I have promised you. Thank you for electing Mr. Fir as your third President. God bless our new President, Mr. Fir! God bless us all as we begin a new year! God bless Animalzania!

### **Mr. Fir's Inauguration Speech**

Thank you so much for inaugurating me as your President. I think my new motto will be," Try, try, try again," because I tried, tried and tried again and finally got to be President. I hope to wish you all a wonderful new year. God bless you.

## **Expedition to Mt. Vernon Has Results**

Last month, we had discovered a chain of caverns at the foot of Mt. Vernon. The expedition left on the twenty-seventh of January and began to light and map the caverns on the first of February. While exploring, they ran into deep gullies, wide ravines with water running through them. They are still exploring the caves.

-Ham Glinn

## **Church News**

Morning Services: 8 a.m.

Evening Meetings: 6 p.m.

Women: We are beginning a woman's group which will meet every Thursday for two hours of prayer, reading, and study. We are also beginning a sewing and knitting circle to help the poor in Animalzania and the world.

Men: We are hosting a fishing trip to Fort Sumpter on the thirteenth of January and February. Come to Fisherman's Wharf at 5 a.m.

All: We are having a picnic at Rose Park on the twelfth of February. Everyone is welcome. Bring food, desserts, and drinks. Thank you.

-Mr. Killdown

## **New Bill creates Discussions**

The animaliberals in Farjay made a bill which calls for (1) higher taxes, (2) a ban on cars, and (3) an amount given monthly to the poor. The new bill has created controversy in the Hall. The animaliberals say that the tax money will be used to create more roads, bridges, and jobs. The controversy is the fact that the roads in Pearl County are in good working condition and that we have many bridges, and that we have the best economy in Animalzania. The animaliberals believe that cars are too "dangerous" and expensive to build so we should not sell any cars. The controversy is the fact that cars are not dangerous thanks to Necko Gecko ElGeckie and Iceburg who has designed an inexpensive car that works. Animaliberals want an amount of money given to the poor of Pearl County. The controversy is that the poor of Farjay are perfectly okay and do not need any help from the government because of private charities which help them find jobs, food, clothes, etc. Also, some animals believe that the government should not be giving money to people because they might get lazy and not work at all.

Many animals have been telling Mr. Fir that if he signs this legislation he has already broken his party platforms. Many believe that he will not sign it into law.

-Mr. Thomas Rose

## **Mysterious Robbery and Murder**

According to witnesses on Sunday morning at around 4 a.m., there was a gun shot on N. Palm Street. Some neighbors had noticed that Mr. Jakelawer was not up as usual, and they decided to call on him. They soon discovered Mr. Jakelawer, stretched out on the living room floor, dead. The room appeared disheveled, and some drawers in a cabinet had been removed.

Some people believe that Mark Tyler who owed Mr. Jakelawer a large amount of money did it. Neighbors of Mark Tyler have been noticing that he has not been at his home recently. Detectives believe that he is hiding somewhere in the city. If you happen to see any suspicious behavior or notice anyone who looks like the picture please notify the Police Department. (this happened in Harmington, PLC).

### **Valentine's Ball and Banquet**

On the 14<sup>th</sup> of February, there is a ball in the Plaza for the married and to-be-married couples of Farjay. Afterward, there will be a banquet. Please arrive at six in the evening.  
-The President Mr. Fir

### **Iceburg Has Created An Inexpensive Car**

On February 17<sup>th</sup>, Iceburg had placed announcements throughout Farjay that he was going to be driving his new car the next day. The next day, crowds arrived and waited to see him. Iceburg drove his new car up and down Main Street twice and then parked it in the middle of the street. To the crowd's amazement, he announced that he would sell it for the unheard-of price, \$4,000. John Killer drove off that morning in a shiny, new car.

Iceburg, though begged to explain, refused to tell the secret of how he had built an inexpensive car until he had begun a car company.

-NR

### **Job Increase**

Ever since Pearl County was admitted into Animalzania, the amount of jobs in Pearl County have increased steadily. The Bureau of the Economy has done a recent study and found that Pearl County has the best economy in Animal-zania and that the amount of jobs in Pearl County have increased.

-B.E. (Bureau of the Economy)

### **Three Weddings**

We are proud to announce that Jake Kin and Hellen Winters, Ross Baker and Hannah Windy, and Philip Sulters and Amy McTyre are getting married. We all wish them a happy wedding day and marriage that will be long and blessed.

Jake Kin and Hellen Winters invite all of their friends and relatives to the ceremony at Mt. Vernon Cathedral on the twenty-first of January at two in the afternoon.

Ross Baker and Hannah Windy would like to invite their relatives to the ceremony at the Church in Farjay on His Way Street on the first of February at noon.

Philip Sulters and Amy McTyre are getting married at the scenic Bay Park south of Farjay near Derwin's Rock on January seventeenth at nine in the morning. They invite the town to their wedding ceremony and the relatives to the banquet afterward.

May God give them fair weather for their wedding days and bless them.

-Pastor James K. Lington of Kingburn, Pearl County (Pl.C.)

### **The Orwill and Wright's Productions Is Coming to Town**

On February 20<sup>th</sup>, the classic Orwill and Wright Productions is coming to town to spend three months of putting out to the audience classic, old plays, dances, and songs.

To see every production, you should come every Monday and Saturday at five in the afternoon to the Plaza. Many productions are, at least, two to three hours long, and it is advised that you bring a snack to eat.

-Mr. Pinque

# World News

## Colonization Ship Has Left For Lin

The colonization ship, *Rendulfa*, left for the new colony Lin. At least 1,982 Animals left for Lin. They left on the twenty-first of February.

There are some building materials aboard the ship. They mean to establish a settlement and begin to plant crops in the planet's soil. They are expected to arrive on Lin in a week.

-A.S.S.E

## Plan for Solar System Jump Gates

The A.S.S.E.'s research scientists discovered a way to jump from system to system in a matter of minutes depending on how far away the gates are from one another.

They set up their second pair of experimental jump gates between our solar system and Zintelma, a solar system that is 1,009,000 miles away (the first experiment sent the ships off into some weird galaxy, but they have repaired the gate.). They sent a space ship through the gate and it arrived in Zintelma fifteen minutes later. The return trip took the same amount of time.

A.S.S.E.'s plans are to build jump gates that led to the colonies. They mean to build a robotic security system that will not allow any ship to jump to another gate unless it knows a certain password. The only problem we have with the jump gates is that they sometimes do not work right and send ships to unknown locations. A.S.S.E. Has decided not to use any jump gates until better and more reliable ones have been built.

-Mr. Kintoll

## Russia Sent Off A Successful Space Shuttle

Animalzania and England are no longer the rulers of space. Russia has finally found a successful space shuttle. Though the first three space shuttles exploded, the *Zugrught* has been 1 hour 28 minutes and 34 seconds in space. Krught Zingoft and Liogh Frught were the pilots of the expedition.

-Mr. Lintollo

## A.S.S.E.'s Plans for a Lunar Base

A.S.S.E. has plans for building the first lunar base on the Moon. Twelve years ago, A.S.S.E. landed on the Moon, and have now finished their plans for the Lunar Base. The Lunar Base is planned to be built on the Plain of Serenity between the Osgoth Mountains and the Risgoth Mountains. It is supposed to study space and act as a station for supply ships from the colonies. A.S.S.E.'s plans were published on the 12<sup>th</sup> of February. They mean to send out a building ship and crew to the moon in March.

-A.S.S.E. Robert Rillo Mark

White Fang and Co.

~ Cinquain Poem: ~

Love  
Is a plan  
Sealed with a kiss  
Joy and peace we will share  
A wedding

How do you write cinquain poems? Well, there are five lines in the poem. The first names the title of the poem it is two syllables long (often people write about the seasons using these poems). The second line describes the title. It is four syllables long. The third line tells an action. It is six syllables long. The fourth line tells a feeling. It is eight syllables long. The fifth line states another name for the title, and it is two syllables long.

~ "His Love" ~  
The waves of life are swift,  
And deceptively sweet.  
But Jesus' love is sweeter,  
His un-deceivable love is stronger  
Than any other.  
His love grows sweeter,  
Day by day,  
As we fellowship.  
Every moment, every minute,  
Every hour, every day,  
He shows me all the way:  
How His love saves me!  
How His grace sustains me!  
How His love  
Is truly sweet.

~ These poems are written by Courtney Riojas  
~ We apologize that there is no story in this issue.
