Happy Fourth of July!

Today, we celebrate the Fourth of July because on this day we announced to the world that we were no longer an English colony. We had a war against the England and won. Our nation is one of the freest nations on earth.

We have many freedoms:

the freedom to worship God in our own way,
the right of free speech and press,
the right to own private property,
the right to own, keep and bear arms,
the right to move about freely,
the right of privacy in our homes, and many, many others.

We all should be proud of our country and try to preserve our freedoms. We also need to remember that God made us great, and everything we have is from Him. Have a **HAPPY** Fourth of July!

Fred Fir has built a space ship called **F&R**. Fred has a little bit of land. He and Iceburg Rose made Fred's ship.

They left on the 1st and came home on the 2nd in time for the Fourth of July. For more information talk to Fred or Iceburg.

War Between India and Mesopotamia Suspicious !

India has built twelve forts along the Lady River. According to President Afaz Silak,"We feel as if we are going to be attacked." We have seen signs that say "Anti-Mesopotamia." Our ambassadors there have seen many airfields in progress and many fighter and bomber planes on air fields. Our curiosity has risen to it's highest peak, so our ambassadors have asked,"Why are you building so many war vehicles," they answered,"None of your business." Now let us move over to Mesopotamia. Mesopotamia has closed its borders to ambassadors of all nations. They only allow goods to be sent and nothing else. The English Television Corp. has tried to pass through,but they are caught by the P.M.G.(Patrolling Mesopotanian Guards).The suspicions of the English, Animalznians, French, Irislanders and the Russians are growing too big. If anything else goes on there might be a war.

Pear County's Pears Has a Pear Disease

Pear plants in Pear County suffer from purrfif a deadly disease on pears. Do not eat Pearer's Pears, Plumper Pears, Plucked 'n' Dried Pears or Plumber's Favorite Pears. Also,do not get pear fertilizers at all. If you love pears please get none of the above unless you want to get sick. For further information,contact the Diseased Plant Poll.

Irisland is having problems

Besides having an unusually cold summer, Irisland also has again *Potarolamia Koto* which is a terrible disease caused by grubs which feed on the potatoes. If an Animal eats any of the

potatoes, the Animal gets sick with *Tapotalato*. They “feel” cold and throw-up and have a high fever that lasts for a few weeks. Following the fever, the Animal gets attacks of chills and hot spells. The only known cure is to burn up all the contaminated potatoes. Bonn fires have been lit all over the country side again and hopefully for the last time. They will plant new potatoes next year. The loss of potatoes will show in the country, since it gets most of it's money from the potatoes. First they have to burn the fields and then pour vinegar into the soil and burn it again to remove the grubs. Hopefully, the *Potatolamia Koto* disease stops soon. Do not buy any Irisland potatoes or brands such as Irish Potatoes, Red Buds, or Purple Blue Skins, The Sweetest Potatoes, Golden Farms, and Sun Valley. Thank you.

Peace

Peace is the joy of rest from The Father's hand.
Peace is like a rose all red as it grows and perfumes the air.
Peace is like a soft mountain stream that flows without a rush.
Peace is like the happiness of knowing, you'll get an A on your very next test.
Peace is like a quiet room, without any worries and woes.
Peace is like the trumpet's sound that the battle has been won!
Peace grows like a daffodil with its store to spread over the earth the joy and peace of the Lord.

Story Corner

Moral: Don't be vain

By Courtney Riojas

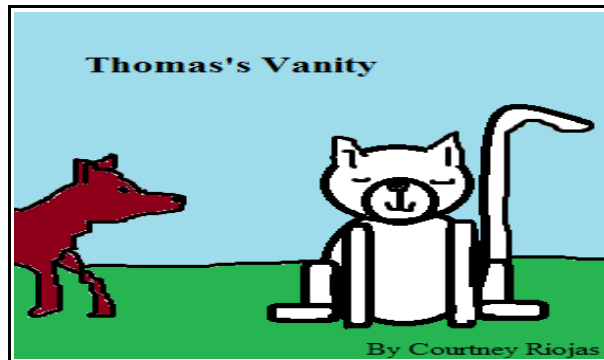

There once was a little cat named Robert Lockey. He had a nice white, sleek coat and proud, blue eyes. His purr was sweet. He had 14 brothers and sisters. His mother one day sent him off to school with his brothers. She said, "Now, Robert, do not be vain over your coat. You should not."

He trotted off with his lunch pail, books, and a tiny can of hair oil and came to school. He was 10 minutes early, so he hid behind a bush and put oil on his claws. He shined himself till his fur was soft and sleek. He entered the building slowly, with his tail curved up, and his head erect.

The master took one glance at him and saw his vanity. He assigned him to sit with Arnold Sulky, a tomcat who had sulked for weeks because Robert was very handsome.

Robert was very proud of his fur. Instead of playing outside in the dust, he sat on the grass in a pool of sunshine to show off! A red fox came along and said in a flattering way, "My dear friend, you look so handsome this morning! I am certain that if you raised your head a bit, ah! That is it! Closed your eyes and stood like that you would be very handsome,"

Robert was very flattered by this fox's compliments that he did what the fox said. As he did it, the fox killed him and dragged him off. And that is a reason why you should not be proud. Pride comes before a fall.

Fourth of July in Farjay at the Riojas Home

The Animal were all lined up on the bed in Josiah's room. We took the fan, pointed it up, turned off the lights, and turned on the fan. We then took strips of colored paper and let the fan blow it in the air. It was supposed to be a fountain of fireworks.

MANUEL FOR VOTING IN THE PRIMARIES AND THE ELECTION

1. This is the advised voting form. If you are voting at home you must send in your votes so that they will arrive at the end of August for the primaries and the end of November for the election. Each stuffed animal can vote twice for anyone who is running. Example:

1. Animal#1 votes for Mr. Blank#1
Animal#1 votes for Mr. Blank#2
2. Animal#2 votes for Mr. Blank#3
Animal#2 votes for Mr. Blank#3

The each stuffed animal can vote for the same person twice or put one vote for one person and another for a different person. Each animal can vote twice and no more than twice. The reason why we do this is so that the stuffed animal plays as if it is two different people. Please put the votes on individual papers.

- If you vote at home make sure you count **CORRECTLY** how many votes each person got and send in the number of votes the persons got in to the newspaper. Example:

Person#1 votes
Person#2 votes
Person#3 votes

2. If you are voting by phone, you should do the same thing for voting at home except you tell the person who the animal is voting for.

The voting can begin for the primaries on the first of August. Make sure the votes are counted up correctly and sent in so that they can be received by the end of August.

The voting can begin for the election on the first of October. Make sure that the votes are counted up correctly and sent in so that they can be received before November 4th which is Election Day!

The results will be shown in the newspaper.

If there is a tie in anything we will redo the voting again and add the second amount of votes to the tied number. Example:

Person#1 has 33 votes and Person#2 has 33 votes.

-We will redo the voting and add

Person#1- 33 votes	Person#2- 33 votes
+64 votes	+54 votes
=97 votes	=87 votes

Person#1 won.

Thank you! Please save this for use in the election. If you have any questions please tell us.

Also just to note everyone who is a member **MUST** vote, or in other words: Make his stuffed animals vote. NEXT MONTH WE ARE HAVING THE PRIMARIES!!!!!!

Thank you!
