In Irisland , a terrible disease called

Potarolamia Koto disease is in their

potatoes. It is caused by grubs which

feed on the potatoes. The contaminated

Animals got sick with *Tapotalato*. The

Animals throw-up and “feel” cold. The only known cure is to burn up all the potatoes. Bon fires have been lite all over the country side.They will plant new potatoes later. A Poet And Didn't Know It

The Road

The road has been paved,
Though we know not the way
It leads us through,
But we know the end.
For the Guide knows
What lies ahead.
For He has planned it all.
By Courtney Riojas

Oh, Shouldn't We Be Thankful

God is not a god of stone or wood.
He is not seen by men,
But in what He leaves behind,
We see His fingerprints so fine.
And if God is so wonderful,
Why does He let us, rebels come
And live with Him forever?
For God has sent His Son to die,
For all our terrible sins.
Oh, shouldn't we be thankful,
On such a day as this!
